

MY PLANK

SPECIFICATION PORCELAIN STONEWARE

MATERIAL

Porcelain stoneware.

Classified in GROUP BIa UGL CON $E_b \leq 0,5\%$.

Complies with all the requirements of UNI EN 14411 ISO 13006 APP. G standards.

My Plank is the wood inspiration floor covering with a contemporary and pleasant mood. The structure, simple and essential, presents delicate knots and soft veins. The collection is characterized by two different surfaces: matte (softer at the touch) and texture (with a worn look). The choice of colours is extremely wide and is enriched by 6 warm and cold colors. Available in modular sizes, the collection is also composed by an interesting module, characterized by a special fishbone effect. The project is completed by the 40x120 size, (2cm thickness) perfect also for outdoor solutions.

PROCESS

Product obtained from exceptionally pure, choice quality raw materials, including light-coloured clays, feldspar fluxes, kaolins, sands and coloured ceramic pigments. Pressing in hydraulic presses allows a pressure of over 500kg/cm² to be applied to the product, guaranteeing dimensional precision, planarity and high mechanical strength.

The product's colours and patterns are achieved with the innovative Digital Technology.

The materials are fired in single-layer roller kilns at temperatures of over 1,220°C.

GREEN BUILDING: CERTIFIED ENVIRONMENTAL SUSTAINABILITY

The tiles in the My Plank collection are ideal for eco-sustainable building:

- They are produced in plants which have an EMAS-ISO 14001 certified environmental management system.
- They help to obtain credits for the construction of buildings in accordance with the LEED certification programme.
